RE: Wetlands Bureau File #1995-01267, Wulamat Road, Bristol

Dear Mrs. Hayden-Dow:

At the request of Executive Councilor, Raymond S. Burton, DES personnel contacted your consultant, Peter Schauer regarding the status of your file. To date administrative fines have not been sought in this file. When asked about the status of a restoration plan to address Administrative Order WD 2000-81, Mr. Schauer indicated that you needed a time extension based on health and other considerations.

Enclosed please find, an amended order granting an extension for submittal of a restoration plan until May 1, 2002. If you have any questions regarding this matter, do not hesitate to contact Ms. Chase or me at 271-2147. Thank you in advance for your anticipated cooperation.

Sincerely,

  
Rene Pelletier  
Manager of Land Resources

RE: Blueberry Shores Campground

**AMENDMENT TO  
ADMINISTRATIVE ORDER**

**No. WD 2000-81**

February 20, 2002

**A. Introduction**

This amendment to Administrative Order WD 2000-81, originally issued December 22, 2000, is issued by the New Hampshire Department of Environmental Services, Water Division ("DES") to Barbara Hayden Dow pursuant to RSA 482-A:6. This Amended Administrative Order is effective upon issuance.

**B. Amendment**

I. Amend item C, Statement of Fact and Law, by adding the following;

10. On July 24, 2001, Peter Schauer, certified wetland scientist and consultant for Barbara Dow, met with DES personnel to discuss the Property. It was determined that Mr. Schauer would submit a restoration plan incorporating DES personnel recommendations.
11. On October 25, 2001, DES was contacted by Mason Westfall, Bristol Conservation Commission, who complained of new and ongoing violations.
12. On November 19, 2001, DES personnel inspected the Property with Mr. Schauer. DES personnel observed that:
  - a. a wetland area on "Briget's Point" Road, north of the main camping area, measuring 60' x 12', has been recently filled.
  - b. 1,250 square feet of new fill has been placed next to a trailer that is on the secondary access road (referenced in 3. d.)
  - c. Some of the sand requested to be removed along the beachfront has dissipated due to wind and water action combined with foot traffic. An area measuring 120' x 75' was outlined and marked for removal and restoration to original soils.

II. Amend item D, Determination of Violations, by adding the following:

3. Barbara Hayden-Dow violated 482-A:3, I by placing 720 square feet of fill in wetlands on

Briget's Point Road.

4. Barbara Hayden-Dow violated 482-A:3, by placing 1,250 square feet of fill in wetlands next to an access road to the beach.

III. Strike item E. 1 and replace with the following:

"1. By May 1, 2002, submit a restoration plan to DES for review and approval, prepared by a qualified wetland scientist, for restoration of the wetlands on the Property including:

- a. A plan with dimensions, drawn to scale showing:
  - 1) existing conditions, with wetland boundaries; and
  - 2) proposed conditions after removing all unpermitted fill;
- b. A description of the proposed means of erosion control (silt fence, hay bales, etc.);
- c. A description of the proposed planting plan for the stabilization and revegetation of the restoration area;
- d. A description of the proposed monitoring plan, including two restoration progress assessment reports due on August 15, 2002 and October 1, 2002 by a qualified wetland consultant to be filed with the DES Wetlands Bureau."

In all other respects, the Order remains in full force and in effect.

DES has issued several extensions in an effort to achieve restoration at this site. Please be aware that your cooperation in meeting the above deadlines will be considered when deciding whether to seek penalties for these violations.
